Remote Deposit

TOMPKINS 

What is Remote Deposit?

- Remote Deposit allows business customers to scan and submit their check deposits electronically from the convenience of their PC.
- Customers scan their checks for deposit, verify and submit them to the bank via the internet.
- Deposits can be made any time of the day or night, 365 days a year.
- Deposits made by 6 p.m. are credited to the customer's business account that business day and are subject to the funds availability policy.

Who uses Remote Deposit?

This service is ideal for customers:

- ✓ With high check volume and low cash transactions.
- ✓ Not located near a branch.
- ✓ Who want to make check deposits at their convenience
- ✓ Who no longer want to take the time to make copies of all checks, endorse the back of each check, or complete a deposit slip. All of these can be avoided by using our Remote Deposit.
